

## DRIVE-THROUGH KIOSK MODEL 55-BE-A / 75-BE-A

# COMPLETE VEHICLE DETECTION SYSTEM AND INTERCOM CONTROL KIT

### Drive-through service is easier than ever!

Restaurateurs: set up an innovative drive-through system quickly and affordably. The Nummax system includes a display kiosk that will feature your menus according to the time of day, an intercom system that is automatically activated when a vehicle arrives, and a headset for taking orders.

Digital kiosks have a positive impact on your brand image, presenting you as a modern, innovative business.

Simple, intuitive and fun to use, interactive kiosks provide real added value at a trade show or exhibit, in stores, or during promotional events in public spaces.

We have a range of evolving, competitive interactive kiosks to meet all of your interactive dynamic display requirements—both indoor and outdoor.

#### EFFICIENT

Optimal return on investment with the ability to rapidly see the results of an effective marketing strategy. With digital signage, your messages will have a greater impact than ever before.

#### ECONOMICAL

Reduced marketing expenses thanks to the low cost production of unlimited content displayed. Optimize message performance with the tap of a finger.

#### ATTRACTIVE AND APPEALING

Powerful, responsive communication made possible through real-time broadcasting of messages.

#### SIMPLE, FLEXIBLE BROADCASTING

Nummax Manager, our content management software, allows you to schedule your content displayed from a distance in a matter of minutes. With dynamic messaging, pre-program content display times weeks in advance.
