

DRIVE-THROUGH KIOSK

COMPLETE VEHICLE DETECTION SYSTEM AND INTERCOM CONTROL KIT

Drive-through service is easier than ever!

Restaurateurs: set up an innovative drive-through system quickly and affordably. The Nummax system includes a display kiosk that will feature your menus according to the time of day, an intercom system that is automatically activated when a vehicle arrives, and a headset for taking orders.

Easy, 3-step installation

1. Secure the kiosk outside and provide an electrical supply
2. Connect the kiosk to a Wi-Fi network or an Ethernet cable network
3. Install the intercom software and synchronize it with the headset

Get an affordable solution that's easy to use and install with the Nummax auto ordering system.
