

DRIVE-THROUGH KIOSK MODEL 55-BE-A / 75-BE-A

COMPLETE VEHICLE DETECTION SYSTEM AND INTERCOM CONTROL KIT

Drive-through service is easier than ever!

Restaurateurs: set up an innovative drive-through system quickly and affordably. The Nummax system includes a display kiosk that will feature your menus according to the time of day, an intercom system that is automatically activated when a vehicle arrives, and a headset for taking orders.

Digital kiosks have a positive impact on your brand image, presenting you as a modern, innovative business.

Simple, intuitive and fun to use, interactive kiosks provide real added value at a trade show or exhibit, in stores, or during promotional events in public spaces.

We have a range of evolving, competitive interactive kiosks to meet all of your interactive dynamic display requirements—both indoor and outdoor.

EFFICIENT

Optimal return on investment with the ability to rapidly see the results of an effective marketing strategy. With digital signage, your messages will have a greater impact than ever before.

ECONOMICAL

Reduced marketing expenses thanks to the low cost production of unlimited content displayed. Optimize message performance with the tap of a finger.

ATTRACTIVE AND APPEALING

Powerful, responsive communication made possible through real-time broadcasting of messages.

SIMPLE, FLEXIBLE BROADCASTING

Nummax Manager, our content management software, allows you to schedule your content displayed from a distance in a matter of minutes. With dynamic messaging, pre-program content display times weeks in advance.
